

The **SC Early Learning Standards** provide a framework for parents and educators to understand the skills children need to have to be ready to thrive in school. The standards are grouped across six domains of development:

- Approaches to Play and Learning (APL)
- Emotional and Social Development (ESD)
- Health and Physical Development (HPD)
- Language Development and Communication (LDC)
- Mathematical Thinking and Expression (MTE)
- Cognitive Development (CD)

Each month, we choose one standard and give it special attention throughout our programs, incorporating age-appropriate learning materials and activities into our work.

JANUARY | Children identify, manage, and express their feelings. (*Learning about Feelings, ESD-6*)
