April 2026

What's Happening This Month

April is all about **Playful Parenting** as we celebrate the Week of the Young Child! This special week shows how young children learn best through play, movement, and time with others. At Richland First Steps, we are focusing on how simple, everyday play can help your child grow, learn, and feel loved.

Basics of the Month

Explore Through Movement & Play

Let your child explore the world through play!

Try This:

- Go outside and play a simple game like tag or catch
- Turn on music and have a silly dance break
- Build something together with blocks or household items
- Let your child lead the play and follow their ideas
